

1. Roadmap:

- a. Is there a roadmap? List url:

<https://groups.google.com/forum/#!topic/mozilla.dev.developer-tools/e-WTOb1U8Sc>

However, this the 2017 goals...

- b. Is there more than one? If so, why?

There is more than one since it seems that they sort them by year.

- c. What are the dates covered by the roadmap?

Q1 2017

2. Wiki's

- a. Is there a wiki? Is there more than one?

One wiki is located here: <http://firefox-dev.tools/> but it's not technically a wiki.

There is also this: <https://dxr.mozilla.org/mozilla-central/source/devtools/docs/>

- b. What is it used for?

These are used to explain how to get involved and contribute to the project.

- c. Which wiki software is used?

Github

- d. Who uses the wiki?

Anyone who wants to understand or contribute to the project.

- e. Find a page and look at the history of the page. When was the last post?

This page:

<https://dxr.mozilla.org/mozilla-central/source/devtools/docs/preferences.md> was modified April 06, 2018.

3. Meetings:

- a. How and when are meetings held?

On a conference call

Tuesdays 9AM PST

- b. Who oversees meetings?

Mozilla employees/DevTools team

- c. Who can attend meetings?

Anyone can attend meetings as a guest, must be an employee to contribute

- d. Are the meeting notes archived? Where?

Yes

A google doc linked to on firefox-dev.tools/#getting-in-touch

And a more current one

https://docs.google.com/document/d/146p7Y8Ues_AKjj4ReWCk6lnOPWe3C3Koy6EQ1qnYKNM/

- e. How far back do the meeting notes go?

Through 2017

- f. List one current topic of interest to the community.

Perf.html

4. IRC/Slack:

- a. Is there an IRC channel?

Yes

b. What is it?

#devtools on channel “irc.mozilla.org”

c. What is it used for?

Used for asking questions, discovering and talking about bugs and issues.

5. Lists:

a. Is there a listserv?

Yes, <https://groups.google.com/forum/#!forum/mozilla.dev.developer-tools>

b. More than one? List them

Not for devtools

c. What is it/are they used for?

It is for updates on decisions from mozilla, meeting notes, and other large changes

d. When was the last post?

Yesterday! (April 11th)

e. How far back do the archives go?

Since 2013

6. Bug Tracker: Bugzilla (<https://bugzilla.mozilla.org/>)

a. Is there a bug/issue tracker?

Yes. Bugzilla and the following url is a list of open bugs (<http://bugs.firefox-dev.tools/?easy&tool=all>)

b. What is it used for?

You can file new bugs search for existing ones and view documentation for various things.

c. What is the most recent entry?

Tue 12:18 was the most recent bug to be filed.

Summary is: [Tab warming causes janky tab hover animations](#)

d. Find the ID of a bug that you think you might be able to fix.

Bug ID [1452060](#) seems like a good first bug.

7. Other communication:

a. Are there other communication mechanisms? List them

Twitter, Mailing List, Stack Overflow, Newsgroup, RSS Feed

b. What are each used for?

- **Twitter**

- The official Firefox DevTools account. To see the very latest experiments, milestones and help us build the best Firefox.

- **Mailing List**

- This forum is for discussing development of the built-in Firefox Developer Tools.

- **Stack Overflow**

- For questions relating to the built-in developer tools in Firefox (Web Console, Debugger, Inspector, Style Editor, and other features similar to Firebug).

- **Newsgroup**

- Meetings and topic discussions
- **RSS Feed**
 - Conglomeration of all communication methods

Report Out

8. Getting Started

- a. Are there instructions for newbies to get started in the project?
<http://docs.firefox-dev.tools/getting-started/>
- b. Can you follow them?
Yes.
- c. Can you identify contributions that you could make to the community?
Contributing through the listserv or participating in meetings.

9. Interactions

- a. How many people overall do you estimate are in the community?
There are 57 official contributors and well over 2,500 people assisting on the project.
- b. Do you see the same people showing up in different places?
Yes, from New York to Canada and even India show up, showing that people from all over the world help out.
- c. Identify the names of two people and describe their role in the community.
Person 1: Nicolas Chevobbe from France, is a Web Developer working on Firefox DevTools. Person 2: Fernando Montoya from Germany, is a Developer program member, worked with coljs, webpack, colombia-dev, mozilla, and phenomic.
- d. Can you identify the leaders of the project? Name them.
Judging my the github backlog, it looks like Julien Wajsberg, Jason Laster, and Nicolas Chevobbe?
- e. Are there leaders of sub portions of the project? Name them.
Couldn't find leaders for sub portions?

10. Health of the project

- a. Can you determine the projected lifespan of the project?
There's no projected lifespan for it but Firebug is just about at the end of its lifespan at about 12+ years. My guess is that devtools should last at Least double that so maybe 28 years?
- b. Can you determine the health of the project?
There's daily contribution to the project, so it seems pretty healthy.
- c. What are some possible risks/threats to the project?
Google Chrome and other browsers.

Report Out

11. Getting started

- a. Can you figure out where to get started to contribute?

Yes, <http://docs.firefox-dev.tools/getting-started/> has all the steps for how to get started. <http://docs.firefox-dev.tools/contributing.html> also has the info about coding standards and things like that.

b. Can you find one simple thing to do?

Reporting a bug.

c. Can you figure out how to complete that simple task?

Yes, https://developer.mozilla.org/en-US/docs/Mozilla/QA/Bug_writing_guidelines is helpful.

d. Identify the first thing that you would do.

Identify the bug.
